Any amount that exceeds the limits prescribed in the Income Tax Act (regulation 8517) shall be paid as a lump sum cash payment to the Member.

SECTION 8 — COST-OF-LIVING ADJUSTMENTS

The cost-of-living adjustments described in this Section 8 shall only apply to a Member's pension benefit entitlement that is accrued on or after the Conversion Date under the UPP Provisions of the Plan.

8.01 Funded Conditional Indexation on Pensions Accrued under UPP Provisions

- (a) Subject to paragraphs (b) and (d) below, annual cost-of-living adjustments to pensions earned for Pensionable Service on and after the Conversion Date under the UPP Provisions of the Plan will be paid at the rate of 75% of the Increase in the Consumer Price Index.
- (b) Except as provided in paragraph (c) below, the Joint Sponsors may, in accordance with the Funding Policy, decide that any prospective cost-of-living adjustment to pensions earned for Pensionable Service on and after the Conversion Date under the UPP Provisions of the Plan will be paid at a rate below 75% of the Increase in the Consumer Price Index.
- (c) Notwithstanding paragraph (b) above, cost-of-living adjustments shall be subject to the Joint Sponsors' commitment under Article 8 of the Sponsors' Agreement to grant cost-of-living adjustments at the rate of 75% of the Increase in the Consumer Price Index to pensions earned for Pensionable Service on and after the Conversion Date under the UPP Provisions of the Plan and paid in the first seven (7) years of the Plan up to and including January 1, 2028.
- (d) For greater certainty, there shall be no accrued right to any cost-of-living adjustments for pensions earned for Pensionable Service on and after the Conversion Date under the UPP Provisions of the Plan. The granting of an adjustment in any Plan Year does not mean that an adjustment shall be granted in any subsequent Plan Year.

8.02 Application of Indexation

The adjustments granted under Section 8.01, if any, shall be made on January 1 of a Plan Year to:

- (a) the annual pension payable to a Retired Member; and
- (b) the annual pension payable to a surviving Spouse or Dependant Child of a Member or Retired Member; and
- (c) the annual pension payable during a guarantee period after the death of the Retired Member or surviving Spouse, as applicable,

provided that on the January 1 immediately following the first payment of the pension, the cost-of-living adjustment shall be prorated according to the number of months during the prior Plan Year during which a pension in respect of the Member or Retired Member

was paid. Once granted under Section 8.01, a cost-of-living adjustment made to an annual pension in payment forms part of the annual pension in payment.

8.03 Limitation

The amount of any adjustments made pursuant to the foregoing provisions of this Section 8 shall be subject to Section 7.05(c) (Increases After Pension Commencement) and the Income Tax Act.

SECTION 9 — FORMS OF PENSION PAYMENT

The normal form of pension under the Plan for a Member without a Spouse on the Pension Commencement Date is one which is payable in equal monthly installments for the remaining lifetime of the Member, ceasing with the payment made for the month in which the Member's death occurs, but with the guarantee that should the Member's death occur after the pension has commenced but before receipt of 120 monthly payments, the payments shall continue to be made to the Member's Beneficiary or if none, to the Member's estate until 120 monthly payments in all have been made from the Plan.

In lieu of the normal form of pension described in Section 9.01 above (Normal Form of Payment for Members Without Spouse), a Member without a Spouse on the Pension Commencement Date may elect a reduced amount of pension commencing on the Pension Commencement Date payable in equal monthly installments for the remaining lifetime of the Member with 50%, 60%, 80% or 100% (as elected by the Member) of such reduced pension continued to be paid after the Member's death to the Member's Dependent Children in equal shares for as long as they remain Dependent Children.

- (A) If the Member is survived by the Member's Spouse on the Pension Commencement Date, payments in the amount payable to the Member shall continue to be made to the Spouse until 120 monthly payments in all have been made from the Plan, before the 50%, 60% or 80% survivor pension (as elected by the Member) is paid to the Spouse.

If the Spouse's death occurs before 120 monthly payments in all have been made from the Plan, the payments shall continue to be made to the Spouse's beneficiary or if none, to the Spouse's estate until 120 monthly payments in all have been made from the Plan. - (c) Subject to the above provisions of this Section 9.06, an election of an optional form of payment under the foregoing provisions of this Section 9 may be changed or revoked only if notification of such change or revocation is communicated to the Board of Trustees in writing by the Member prior to the Pension Commencement Date in a manner acceptable to the Board of Trustees.

9.07 Default Forms of Payment

Notwithstanding the above provisions and notwithstanding Section 15 (Payment of Benefits), where a Member's pension is required to commence on November 30 of the year in which the Member attains the maximum age prescribed for this purpose under the Income Tax Act and the Member has not elected to Retire or has not elected one of the forms of pension described in this Section 9, the Member shall be deemed to have elected the following form of pension, as applicable:

(a) Joint and Survivor 60%

Where the Member has a Spouse on the above Pension Commencement Date, a pension payable on the Pension Commencement Date in equal monthly installments for the lifetime of the retired Member with 60% of the pension continued to be paid after the Member's death to the Member's Spouse on the Pension Commencement Date. SECTION 10 — BENEFITS ON TERMINATION OF PLAN MEMBERSHIP

10.01 Grow In Benefits

The Joint Sponsors have not elected to exclude the Plan from the operation of section 74 of the Pension Benefits Act.

10.02 Benefits After Conversion Date

Except as otherwise provided in the Appendices, the benefits on Termination of Plan Membership described in Sections 10.03 through 10.07 herein shall only apply to a Member's pension benefit entitlement that is accrued on or after the Conversion Date.

10.03 Vested Termination Benefit

Except as otherwise provided in the Appendices, upon a Member's Termination of Plan Membership prior to the Member's Early Retirement Date for any reason other than death, the Member shall be entitled to receive an annual pension from the UPP Provisions of the Plan, as follows:

- (a) the pension shall be payable in equal monthly installments in accordance with the appropriate form of pension payment in Section 9 (Forms of Pension Payment), on the Member's Normal Retirement Date, or if elected by the Member, on the Member's Early Retirement Date;
- (b) the pension shall be equal to the amount of retirement pension accrued to the Member's credit up to the date of the Member's termination of Continuous Service computed pursuant to Section 7.01 (Normal Retirement Pension);
- (c) notwithstanding the above, if the Member elects to Retire prior to the Member's Normal Retirement Date, the pension shall be the Actuarial Equivalent of the pension that would have been payable for a Retirement on the Member's Normal Retirement Date, and for greater certainty Section 7.02 (Early Retirement Pension) does not apply.

10.04 Locked-In Transfer

In lieu of the annual pension described in Section 10.03 above, and except as otherwise provided in the Appendices, a Member who has Terminated Plan Membership prior to the Member's Early Retirement Date for any reason other than death, may elect in writing on a form prescribed by the Board of Trustees, within the time period prescribed by the Pension Benefits Act, to transfer the Commuted Value of the annual pension described in Section 10.03 above to one of the following retirement vehicles:

- (a) the Member's locked-in retirement account;
- (b) another employer's pension plan if such plan permits the transfer;

- (c) another locked-in retirement savings vehicle prescribed by the Pension Benefits Act; or
- (d) a life insurance company licensed to transact business in Canada.

Subject to Section 10.05 (Payment of Small Pensions) and Section 10.06 (Non-Resident Unlocking), any transfer under this Section 10.04 shall be on a locked-in basis and the transferred amount shall be used to provide a life annuity that shall not commence before the earliest date that the Member would have been entitled to receive pension benefits under the Plan, or if transferred to another pension plan, under that plan, and shall not commence later than the end of the calendar year in which the Member attains age 71 or such later date as permitted under the Income Tax Act. The amount of the transfer shall be subject to the limits prescribed in the Income Tax Act (regulation 8517). Any amount that exceeds the limits prescribed in the Income Tax Act (regulation 8517) shall be paid as a lump sum cash payment to the Member.

10.05 Payment of Small Pensions

If a Member Terminates Plan Membership prior to the Member's Early Retirement Date or Unreduced Early Retirement Date for any reason other than death and the sum of the annual pension payable under Section 10.03 (Vested Termination Benefit) above plus any annual pension payable under the Appendices at the Member's Normal Retirement Date:

- (a) is not greater than 4% of the YMPE in the year that the Member terminated employment with the Employer, or
- (b) the Commuted Value of such pension is less than 20% of the YMPE in the year that the Member terminated employment with the Employer,

the Board of Trustees may, in their discretion, require the Member to receive a single lump sum cash payment equal to the Commuted Value of the future vested pension described in Section 10.03 (Vested Termination Benefit) above, in lieu of the benefits otherwise payable pursuant to Sections 10.03 (Vested Termination Benefit) or 10.04 (Locked-In Transfer) above.

Alternatively, where a lump sum cash payment is payable pursuant to this Section 10.05, the Member may elect, on a form prescribed by the Board of Trustees and within the time limit specified under the Pension Benefits Act, to transfer the payment directly to a "registered retirement savings plan" or a "registered retirement income fund" as defined in the Income Tax Act, provided that the amount of the transfer shall be subject to the limits prescribed in the Income Tax Act (regulation 8517). If the Member does not make an election within the time limit specified under the Pension Benefits Act, a lump sum cash payment shall be made to the Member. Any amount that exceeds the limits prescribed in the Income Tax Act (regulation 8517) shall be paid as a lump sum cash payment to the Member.

10.06 Non-Resident Unlocking

If a Member who has Terminated Plan Membership becomes a non-resident of Canada for the purposes of the Income Tax Act, the Member may elect to have the Commuted

Value of the Member's benefit from the Plan (which includes any benefit to which the Member is entitled under the Appendices) paid to the Member in a lump sum cash payment, or to transfer the lump sum payment directly to a "registered retirement savings plan" or "registered retirement income fund" as defined in the Income Tax Act, provided that the Member has not attained Normal Retirement Date, and provided that if the Member has a Spouse, the Spouse has waived any rights the Spouse may have under the Plan by filing the form prescribed by the Pension Benefits Act with the Board of Trustees.

10.07 Refund of Excess Contributions

A Member who has Terminated Plan Membership for any reason other than Retirement or death and who is entitled to benefits pursuant to one or more of the foregoing provisions of this Section 10 and who has Excess Contributions to the Member's credit shall be paid such Excess Contributions in a single lump sum cash payment.

Alternatively, subject to limitations set out in the Income Tax Act, at the written election of the Member on a form prescribed by the Board of Trustees, the Member may transfer the refund directly to a "registered retirement savings plan" or "registered retirement income fund" as defined in the Income Tax Act. If the Member does not make an election within the time limit specified under the Pension Benefits Act, a lump sum cash payment shall be made to the Member.

SECTION 11 — BENEFITS DURING DISABILITY

11.01 Continued Accrual of Benefits

A Member who becomes Disabled shall continue to accrue Pensionable Service until the earliest of the following events:

- (a) the date on which the Member ceases to be Disabled;
- (b) the Member's Normal Retirement Date;
- (c) the date of the Member's Retirement;
- (d) the date of the Member's death.

11.02 Payment of Benefits in the Event of Shortened Life Expectancy

A Member who has Terminated Plan Membership or a Retired Member who has an illness or physical disability that is likely to shorten the Member's life expectancy to less than 2 years, as evidenced by a statement signed by a physician who is licensed to practise medicine in a jurisdiction in Canada, and who satisfies the prescribed requirements under the Pension Benefits Act, may elect to have the Commuted Value of the Member's benefit under the Plan (which includes any benefit to which the Member is entitled to under the Appendices) paid to the Member in a lump sum cash payment, or to transfer the lump sum payment directly to a "registered retirement savings plan" or "registered retirement income fund" as defined in the Income Tax Act.

SECTION 12 — BENEFITS ON DEATH

The death benefits described in this Section 12 shall only apply to a Member's pension benefit entitlement that is accrued on or after the Conversion Date under the UPP Provisions of the Plan.

12.01 Pre-Retirement Death Benefit

In the event a Member dies prior to the Member's Pension Commencement Date, a benefit shall be paid to the person who is the Member's Spouse on the Member's date of death, or the Member's Beneficiary or the Member's estate, as the case may be, subject to paragraphs (c) and (d) below, as follows:

(a) Death Before Eligibility for Early Retirement

If the Member dies before becoming eligible to receive an early retirement pension pursuant to Section 7.02 (Early Retirement Pension) the benefit shall equal the Commuted Value of the pension benefit to which the Member would have been entitled under Section 10 (Benefits on Termination of Plan Membership) had the Member terminated Continuous Service immediately prior to death.

(b) Death After Eligibility for Early Retirement

If the Member dies after becoming eligible to receive a retirement pension pursuant to Section 7 (Retirement Benefits) the benefit shall equal the greater of the benefit described in paragraph (a) above and the Commuted Value of the benefit to which the Member would have been entitled under Section 7 (Retirement Benefits), had the Member Retired immediately prior to death, after taking into account the applicable reductions in Section 7.02 (Early Retirement Pension) in the case of Retirement on an Early Retirement Date.

(c) Form of Payment

- (i) The benefit described in paragraphs (a) or (b) above shall be paid to the Spouse in the form of an immediate pension payable monthly for life unless the Spouse elects in writing on a form prescribed by the Board of Trustees to receive the benefit in the form of a deferred pension or as a lump sum cash payment. Alternatively, the Spouse may elect to receive the benefit described in paragraphs (a) or (b) above as a direct transfer to a "registered retirement savings plan" or a "registered retirement income fund" as defined in the Income Tax Act.
- (ii) Where the Member is entitled to a benefit under both the UPP Provisions of the Plan and the Appendices of the Plan, the Spouse must elect the same payment option for the death benefit payable under the UPP Provisions of the Plan and the death benefit payable under the Appendices.

- (iii) Where a Spouse elects a deferred pension, the pension shall not commence later than the end of the calendar year in which the Spouse attains age 71 or such later date as permitted under the Income Tax Act.
- (iv) In the event the Member does not have a Spouse on the date of the Member's death, the benefit shall be paid to the Member's Beneficiary or, if none, to the Member's estate. The benefit shall be paid in the form of a single lump sum cash payment.

(d) Spousal Waiver

The Spouse may waive the Spouse's entitlement to the benefit described in this Section 12.01 by completing the form prescribed by the Pension Benefits Act and filing it with the Board of Trustees, in which event the benefit shall be paid to the Member's Beneficiary or, if none, to the Member's estate in the form of a single lump sum cash payment.

12.02 Refund of Excess Contributions

In addition to the benefits described in the foregoing provisions of this Section 12, any Excess Contributions standing to the credit of the Member immediately prior to death shall be paid to the same person to whom the benefit described in Section 12.01 (Pre-Retirement Death Benefit) above is paid, in the form of a single lump sum cash payment.

Alternatively, subject to limitations set out in the Income Tax Act, in the event the Excess Contributions are payable to the Member's Spouse, the Spouse may elect to transfer the refund directly to a "registered retirement savings plan" or a "registered retirement income fund" as defined in the Income Tax Act. If the Spouse does not make an election within the time limit specified under the Pension Benefits Act, a lump sum cash payment shall be made to the Spouse.

12.03 Death After Commencement of Pension Benefits

In the event a Member dies after the Pension Commencement Date, the remaining benefits, if any, shall be payable in accordance with the form of payment elected by the Member under Section 9 (Forms of Pension Payment). Any changes in the Member's spousal status after the Pension Commencement Date shall not affect the form of payment elected by the Member.

12.04 Payment of Small Spousal Pensions

In the event that the sum of the post-retirement survivor pension payable to a Spouse in respect of a Retired Member's annual pension described under Section 7 (Retirement Benefits) plus any post-retirement survivor pension payable to that Spouse in respect of an annual pension described in the Appendices, is not greater than 4% of the YMPE on the date of the Member's death, or the Commuted Value of such pension is less than 20% of the YMPE on the date of the Retired Member's death, the Board of Trustees may in their discretion require the Retired Member's Spouse to receive such pension either as a single lump sum cash payment or to transfer the payment directly to a "registered retirement savings plan" or "registered retirement income fund" as defined in the Income Tax Act, provided that such pension shall be paid as a single lump sum cash payment if

the Spouse fails to make an election to transfer the payment within the time limit specified by the Board of Trustees.

SECTION 13 — TRANSFERS FROM A FORMER EMPLOYER'S PLAN

13.01 Transfer of Funds from Former Employer's Plan

A Member who was an active member of a Canadian registered pension plan associated with the Member's employment within twelve (12) months prior to becoming a Member may transfer funds from that former employer's pension plan to the Plan in respect of the Member's period of service recognized and benefits accrued under the former employer's pension plan. The transfer of funds must be made directly from the former employer's pension plan to the Plan, and the transfer is subject to the terms of the former employer's pension plan and the conditions outlined in Section 13.04 (Conditions for Transfer of Funds) below.

13.02 Additional Pensionable Service

The funds transferred to the Plan shall be used to credit Pensionable Service for the Member, subject to Section 13.04(a) (Conditions for Transfer of Funds) below. The Actuary shall calculate the amount of such additional Pensionable Service. The amount of Pensionable Service that may be credited shall not exceed the Member's period of service recognized under the former employer's pension plan.

13.03 Insufficient Funds

The Member may make additional contributions to the Plan if the amount of funds transferred to the Plan under Section 13.01 (Transfer of Funds from Former Employer's Plan) is insufficient to purchase an amount of Pensionable Service equal to the Member's period of service recognized under the former employer's pension plan. The amount of additional contributions necessary to purchase such Pensionable Service shall be determined by the Actuary and shall be subject to the Income Tax Act.

13.04 Conditions for Transfer of Funds

A transfer of funds under this Section 13 is subject to the following conditions:

- (a)** If the crediting of Pensionable Service under Section 13.02 (Additional Pensionable Service) would result in a "past service pension adjustment" (as defined under the Income Tax Act) in respect of the Member, such additional Pensionable Service shall not be granted prior to certification of the past service pension adjustment in accordance with the Income Tax Act.
- (b)** A Member must make application by completing the form prescribed by the Board of Trustees.
- (c)** The Member's application must be submitted to the Board of Trustees within 12 months following the earlier of:

- (i) the date on which the Employee becomes a Member of the Plan; and
- (ii) the date that the Member became a participant of a Prior Plan.

For greater certainty, if the Member was a participant of a Prior Plan, the Member shall not be eligible to transfer funds under this Section 13 unless the Member became a participant of the Prior Plan within the 12 month period immediately preceding the Conversion Date and the Member's application is submitted prior to the expiry of the 12 month time period specified above.

SECTION 14 — BENEFICIARY DESIGNATION

14.01 Beneficiary Designation Procedure

A Member may, by notice provided to the Board of Trustees, designate a Beneficiary to receive the benefits payable pursuant to Section 12 (Benefits on Death) in the event of the Member's death. The Member may alter or revoke any such designation from time to time, subject always to the provisions of any law governing designation of beneficiaries, from time to time in force, which may apply to the Member. The notice to designate, alter or revoke a beneficiary designation shall be in such form and executed in such manner as the Board of Trustees in its discretion may determine from time to time.

14.02 Transition

In conjunction with the transfer of assets from the Prior Plans to the Plan, beneficiary designation forms under a Prior Plan shall be transferred to the Board of Trustees. All designations made in connection with the Prior Plans shall continue to apply to the benefit entitlements transferred from the Prior Plans to the Plan and shall also apply to benefit entitlements accrued under the UPP Provisions of the Plan, except to the extent such designation has been cancelled, revoked or modified as permitted by and in accordance with Section 14.01 (Beneficiary Designation Procedure).

SECTION 15 — PAYMENT OF BENEFITS

15.01 Application for Benefits

A pension or other benefit under the Plan shall be granted by the Board of Trustees and payment thereof shall be made upon application in the manner prescribed by the Board of Trustees, and upon submission of such relevant information and supporting documentation as the Board of Trustees in its discretion may request.

15.02 Proof of Age and Spousal Status

Without limiting the generality of Section 15.01 above, the Board of Trustees may require proof of age and spousal status of the Member, and proof of age of a Member's Spouse, Dependent Children or Beneficiary, if applicable, and pension benefits shall not commence to be paid until proof of age and spousal status has been received by the Board of Trustees. In the event that payment of pension benefits is delayed pending receipt of proof of age and spousal status, retroactive adjustments shall be made once proof of age and spousal status has been received.

15.03 Payment Date

Except as otherwise provided in the Appendices:

- (a) the payment of a monthly pension to a Member on Retirement shall be payable on the first day of the month immediately following the applicable retirement date, and on the first day of each month thereafter during the remaining lifetime of the Member, ceasing with the payment made for the month in which the Member's death occurs, subject to the terms of the normal, automatic or any optional form of pension applicable to the Member pursuant to Section 9 (Forms of Pension Payment); and
- (b) the payment of a monthly pension to a surviving Spouse shall be payable on the first day of the month immediately following the month of the Member's or Retired Member's date of death, and on the first day of each month thereafter during the remaining lifetime of the Spouse, ceasing with the payment made for the month in which the Spouse's death occurs.

15.04 Misstatement in Application for Pension Benefit

If a Member either knowingly or unknowingly has submitted any incorrect information to the Employer or the Board of Trustees relevant to the amount of benefits to be paid from the Plan, the amount of benefits payable from the Plan shall be adjusted either, in the case of underpayments, by making additional payments from the Plan or, in the case of overpayments by either requiring repayment from the Member or Retired Member or adjusting any future payments payable to the Member, Retired Member or Spouse, whichever is appropriate in the circumstances, subject to any requirements under the Pension Benefits Act or the Income Tax Act.

15.05 Incapacity

If the Board of Trustees determine that a person entitled to receive a payment of benefits from the Plan is a minor child, is mentally infirm, or otherwise is incapable of providing a valid receipt for such payment, the Board of Trustees may authorize payment of the benefit to a legal guardian or representative appointed by the court, or in the absence of a court appointment, the Board of Trustees may authorize payment of the benefit to the person's Spouse, parent, child or other person responsible for the care or welfare of the person entitled to the benefit from the Plan, and upon such payment, the Board of Trustees shall be discharged from any further liability or obligation to make any payments to the person from the Plan.

SECTION 16 — TRUST FUND

16.01 General

The Joint Sponsors have established, and the Board of Trustees shall maintain during the term of this Plan, a Trust Fund for the purpose of receiving the contributions under the Plan, investing the assets of the Plan, and paying the benefits under the Plan. The Trust Fund shall be administered in accordance with the terms of the Trust Agreement, Funding Agreement(s), and in compliance with applicable law governing the investment of pension funds, the Pension Benefits Act and the Income Tax Act.

16.02 Actuarial Valuation
